

Baby Bottle Brush

Dr. Brown's® Baby Bottle Brush is a bottle brush designed for all Dr. Brown's® bottles and features a combination bristle and sponge head.

- Available in retail packaging for resale
- Chevron tip at the base of the handle prevents damage to the nipple during gentle cleaning of the nipple interior and assures nipple hole free of debris
- Suction storage cup to house brush for sink-side sanitary storage
- Includes metal parts and cannot be steam sanitized in the microwave steam bags or steam sanitizer
- Dishwasher safe, Top rack only
