WB51100-MED

9 oz
WB91100-MED

THE COMPLETE LINE TO MANAGE COMPLEX FEEDING ISSUES.

Specialty Feeding System (SFS) includes the Infant-Paced Valve (blue one-way valve) creating a "compression" nipple/teat.
Always use the SFS with the Internal Vent System.

Benefits

Consistent and Reliable Nipple/Teat Flow Rates

Promotes "Infant-Directed" Feeding

Easily Evolves with Infant
